### **STRANGE THINGS HAPPEN SOMETIMES**

**Yellow Taxi United (YTU) a non profit organization has filed an incorporated application that has been sitting at the New York Attorney General office for approval. Members feel that the time waiting is unusual.**

**Yellow Taxi United, is an organization created by decisive owners and drivers of the Yellow Taxi Industry to be at the front line fighting against injustice, inequalities, double standards, discriminations, and bias perpetrated by our elected officials against the Yellow Taxi Industry.**

**YTU is willing, able, and ready to work in UNITY with any organization or groups that share our goals which are: RESTORE, REBUILD RENEW.**

**YTU is allying with TMODA, LIMO, RUSSIAN UNITED, UNIDOS VENCEREMOS, and NEW YORK CITI TAXI ASSOCIATION. YTU still waiting for NEPAL`s drivers and owners to join us. If you have your own group, come and join us to build a strong organization; it's time for action.**

**YTU team experience is a plus dealing with our regulators (TLC) and authorities that have the decision powers to make changes in our Industry.**

**We are all feeling empty from the uncertainty of the times “All we have are each other”. Thousands of Yellow Taxi owners and drivers are heartbroken and enraged, but we are steadfast in our demand for justice.**
